Even better, we can tailor a menu just for you, to best host your function.

Our drinks menu is jam packed full of local wines, beers & incredible bespoke cocktails.

We can come up with a cocktail just for you, or organise and tailor a bar menu for your needs.

# LOSTS

We want you to get the best deal when you come and party with us.

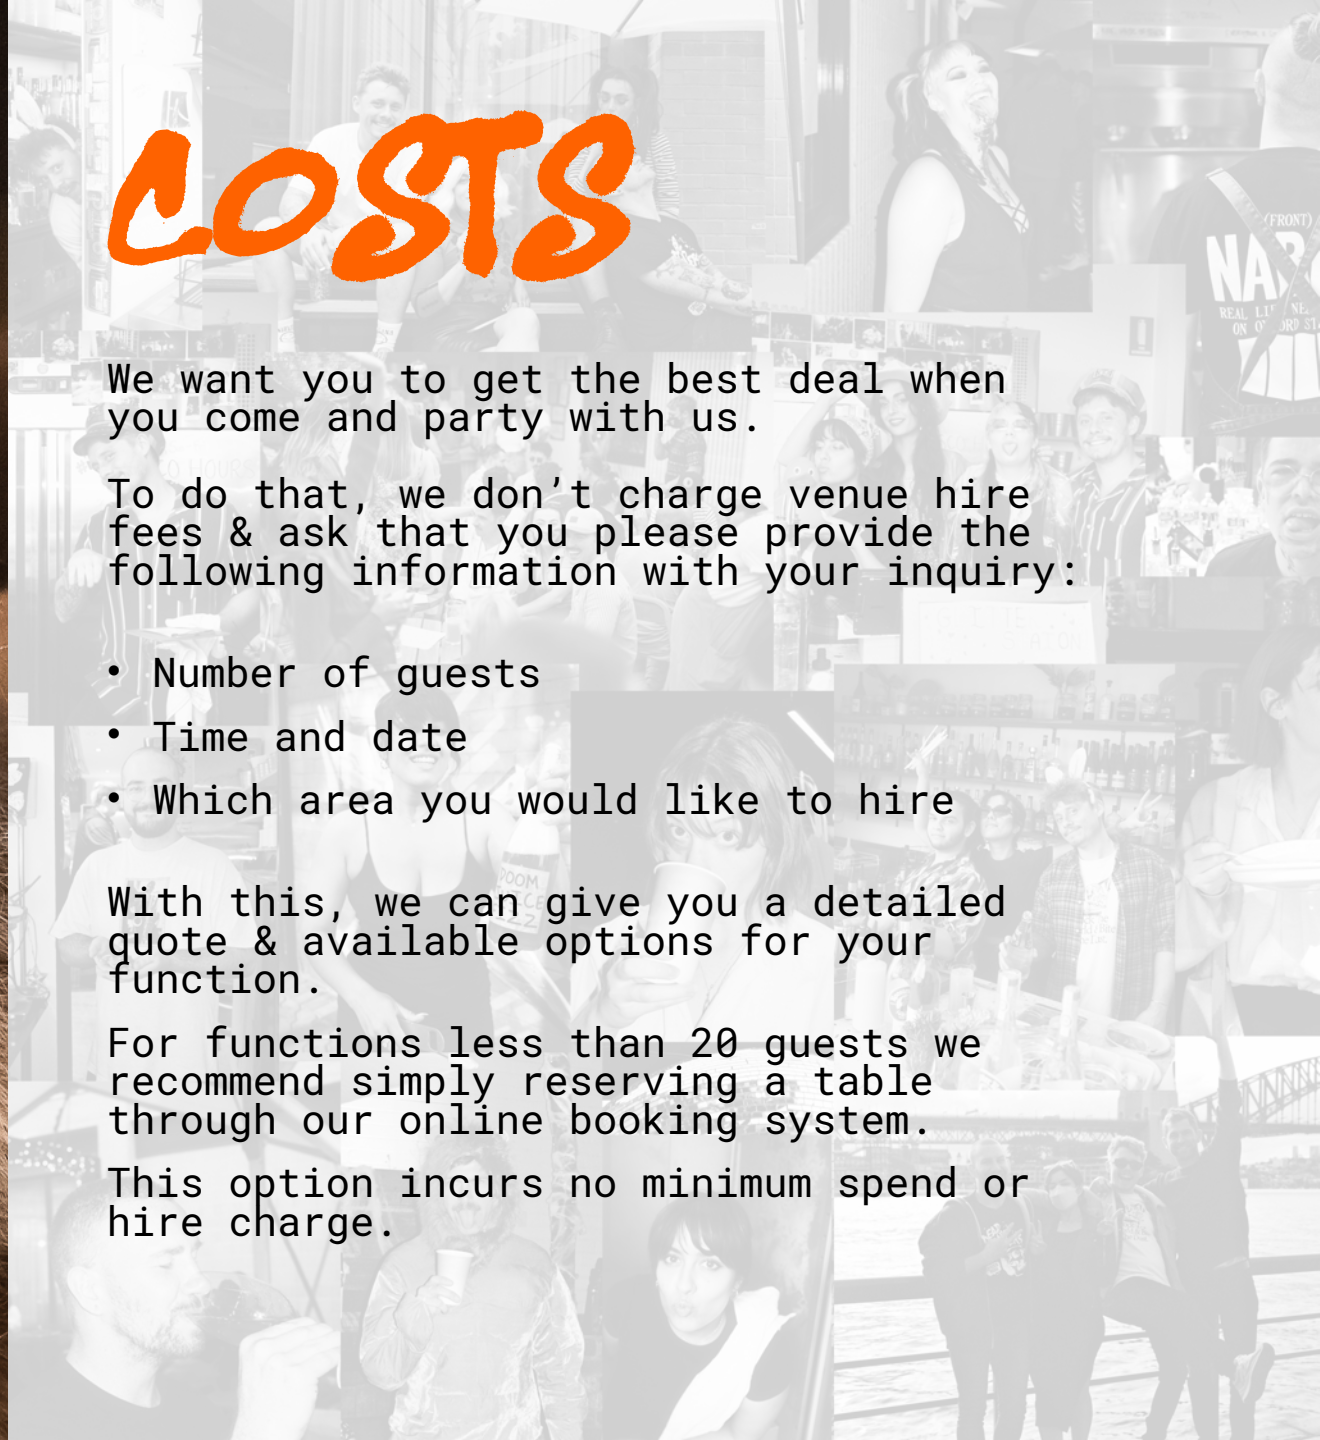

To do that, we don't charge venue hire fees & ask that you please provide the following information with your inquiry:

- Number of guests
- Time and date
- Which area you would like to hire

With this, we can give you a detailed quote & available options for your function.

For functions less than 20 guests we recommend simply reserving a table through our online booking system.

This option incurs no minimum spend or hire charge.

# HOW IT WORKS

Once we confirm your function details we will put together a custom minimum spend quote designed to ensure the best quality and experience for your event.

Your minimum spend amount can be used on food and drinks for your function.

In general, we encourage 20-30% of your minimum spend go towards food for your party.

We can also offer custom food & drink menus to suit your event.

A deposit of 10% is required prior to your function to secure your area.

You can increase your minimum spend during the function.

If you do not meet the minimum spend you will be charged the difference.

Your bill must also be settled immediately after your function concludes.

# THE BIG DAY

Once your deposit and details are confirmed, we'll take over and do all the hard work for you!

Now all there is to do is relax and enjoy some great food, drinks and company at your favourite NABER-hood bar.
